The Product Backlog

Here are the Epics, Features, or topics in the backlog for the first half of 2017. This is only the beginning. We hope you join us on what we expect to be a remarkable and fun journey.

Dark Agile
Agile, by any other name, coexists with destructive and constructive forces that are liberating yet disruptive. How do we constrain the Dark Agile?

Hyper-Performing Team
Agile and Dark Agile forces combine driving hyper-performing teams. How do we recognize and sustain the hyper-performing team?

Happiness Workshop
Happiness is a real value for teams and organizations. How do we use happiness to sustain hyper-performing teams and organizations?

Agile Popularity & Reality
Since 2015, Agile popularity is off the chart. It works well for some and not so much for others. Will the "real" Agile please stand up?

Taste of Scrum Workshop
Agile does not exist without Scrum, right? What are the "must-haves" for Scrum to work? What is the finer recipe of Scrum? No Estimates and Modern Agile.

Taste of XP Workshop
Agile is meaningless without the best software delivered. What are the XP practices we ensue to deliver better software? Mob Programming and Full Stack.

Product Adventures
Agile purpose is a business product that customers want. How do we come up with ideas and collaborate to deliver the software?

Design Thinking MVP Workshop
How have others taken ideas to software, then to customer value?

Deconstructive Requirement
Agile requirements is incrementally discovered and iteratively constructed. What are some optimal ways to get this done?

DevOps Workshop
DevOps is becoming an Agile foundation. How do we leverage DevOps for Agile?

TestOps Workshop
DevOps is getting a lot of rightful attention, but TestOps needs similar attention. How do we "shift left" so we deliver quality and sustain quality?

SecOps Workshop
Security and privacy is paramount. How do we integrate InfoSec optimally?

Agile Frameworks
Agile Frameworks implementations are increasing, hoping to help with our scaling challenges. What will the new framework horizon bring?

Agile Enterprise
What is an Agile Enterprise? Are we all moving to an Agile Enterprise? Should we move to an Agile Enterprise?

Dark Agile Revisit
What is the DNA of Agile and what will the evolution entail?
